EC3477

EZ-Color® is a high-end multipurpose cut vinyl, not only suitable for standard markings on windows and vehicles, but also for interior wall decoration and industrial signage.

Polymeric cut vinyls with a high tack permanent adhesive and air-egress liner. Thanks to the unique combination of the high tack adhesive with air-egress liner, EZ-Color® ensures **easy, dry application on a wide variety of substrates.**

**EZ-Color®**

**NEW**

Soft in nature, EZ-Color® calendered opaque vinyls are films with excellent dimensional stability, suitable for flat, slightly curved and mildly textured surfaces.

Effortless cutting and weeding.

Easy to dry-apply.

Adheres to difficult surfaces\*.

High opacity.

Rolls of 1220mm x 45,7m.

Outdoor durability up to 6 years.

For ease of installation, apply EZ-Color® cut vinyl with RTape Conform® 4761RLA application tape for air-egress liners.

\* On hard-to-adhere surfaces, we recommend a test to confirm that the vinyl will bond before full application.
